CHAPTER OF GOMA TOWN EASTERN REPUBLIC DEMOCRATIC OF THE CONGO/ WEAVER PRIMARY AND SECONDARY SCHOOL OPENING REPORT DURING THIS HARD PERIOD OF COVID-19

As educators, students, parents and professionals, we're experiencing huge change and uncertainty at the moment. However, the importance of education remains consistent.

Our Motto : Teaching is touching human soul forever.

SCHOOL YEAR 2020-2021

A. WHAT IS WEAVER PRIMARY AND SECONDARY SCHOOL?

Weaver school is a **PAN-AFRICAN COLLECTIVE SCHOOL**, purely humanitarian without any membership of a religious denomination but having Christian values and accommodates children of all religious denominations without any distinction.

B. HOW WAS CREATED A WEAVER PRIMARY AND SECONDARY SCHOOL?

Weaver primary and secondary school was created in Goma DRC by the inspiration of actions of humanitarian works of **PAN AFRICAN COLLECTIVE** in Goma DRC.

1. SEVERAL MEDICAL MISSIONS:

Dr Rev. Jonathan Weaver has come to the DRC several times for more than 10 years caring out several medical missions for benefit of children in poor health, adults displaced by wars not having access to medical care, widows and all layers of population not having access to free medical care.

The medical team has been able to lord a lot of adults and mainly children with skin problems and this has really been a great achievement on several occasions.

2. HUMANITARIAN ASSISTANCE:

PAN-AFRICAN COLLECTIVE was able to distribute food items: to widows, orphans, displaced people of wars and Christians from different churches, local several times during the periods of wars in the Democratic Republic of Congo.

PAN-AFRICAN COLLECTIVE was able to distribute non-food items: In refugee camps, to those displaced of wars being in host families and other vulnerable people.

PAN-AFRICAN COLLECTIVE was able to organize counseling sessions and psychological support to SGBV women (raped women) and people living with disabilities. Seeing that Goma DRC was the center where everyone from the surroundings took refuge during this period of war which lasted more than 20 years, orphan children from host families,

street children, child soldiers were in large numbers who did not go to school due to lack of financial means and this was discovered by **PAN-AFRICAN COLLECTIVE TEAM** after interviews and complaints from parents who house orphan children; This is how an idea of creating a free school was born for saving this generation from this anomaly of literacy.

Weaver school started free of primary school several years before the government of the day and congratulated the government for subscribing in the same vein for saving Congo tomorrow generation.

It is true that the government is making all possible efforts for education of children but needs are too great because state schools cannot accommodate all children in need, that is why all the world is required to provide help in Congo mostly the united states of America for success of this major project of **PAN AFRICAN COLLECTIVE** .

As **PAN-AFRICAN COLLECTIVE** weaver school project managers, we have noticed that the free government to mount the problem that existed and has not fixed, in other words the free of primary of the our government shows tracks of solutions for the real free of education.

Where is problem with government free of education? Children of Rich who were in private schools changed schools for benefitting from free of education in government schools.

The challenge remains that poor, orphans, destitute do not have access to government free of education.

Why? To be admitted to state schools, you must have school supplies:

- Uniforms
- notebooks
- back packs
- Pens
- Pencils
- Etc.

So what would we say about these kids who can't even afford shoes?

They are really not welcome in government schools.

Here is the impact of weaver school:

- Before the free of education in the Country weaver school had 950 scholars after the free of education, scholars become 1200.

Why? Because at weaver school there is the full free education or the real one.

Weaver school covers not only teachers' salaries but also school supplies for children and teachers.

Education is the most powerful weapon you can use to change the world

Despite Covid-19, as we have a free education one accessible to poor, orphans and the most deprived children, we are forced to work in bad conditions by exceeding the number rejected by the government to save lives.

But we will be forced to study 600 children before noon and 600 children after noon to meet government standards.

But this will force us to increase the staff of teachers, which is why we are not rushing this decision because it will double the budget of the staff of teachers.

We continue to study always in the before noon

C. OPENING OF THE WEAVERS SCHOOL ON OCTOBER 8, 2020

The school warmly opened and received all children who did not meet the criteria for admission to schools

WE HAVE SOLVED MANY PROBLEMS OF THE SCHOOL THANKS TO DONATIONS OF MANY PEOPLE HAVING HEART OF GOLD

ONE OF THE VERY GREATEST ACTION AT SCHOOL IN OCTOBER 2020 IS THE SALARY OF TEACHERS

○

We don't know what the future holds or what will become these orphans in school. So we shape each day to be positive, creative, exciting and rewarding.

E. ASKING FOR HELP TO ANY VOLONTEER

To whom it may concern,

In today's ever-changing world of Covid 19 where everything has been very difficult home DRC , it is getting harder and harder to raise children and educate them in schools as orphans and underprivileged children who are being participants of the programme of PAN AFRICAN COLLECTIVE at weaver primary and secondary school in eastern republic democratic of the Congo .

Now, it is very intricate in Congo where street boys are many, orphans non educated in host families are uncountable due to war that has lasted over 20 years now and Covid 19 that has made things come from worse to worst in education in Congo so weaver primary and secondary school have been able to host 1200 scholars for this school year 2020-2021 for saving the day .

In cases like these, children are placed in school without cost, teachers are paid by Pan African collective, materials of teachers and scholars are given by pan African collective. As children are from very very poor families and most of them orphans in host families they come only for studies. Pan African collective provide every for the scholars including uniforms, shoes, backpacks, rent for the school, salary of teachers, governments fees etc.

Needs are many and Pan African collective cannot meet all the budget of the school without support of other people of good heart who can feel sorry for the education of the orphans and give them a second chance in the life to accomplish their destiny .

This is our annual budget if you can be will to help:

Supplies of the school for the year: **5249 USD**

Salary of teachers for the school year: **22700USD**

The school rent for the school year: **2800USD.**

Our total budget for the school year is: **30749USD**

we would be most grateful for any form of help you would be giving us, whether in cash or kind. Thank you for helping secure our orphans' future.

Sincerely,

Weaver school Goma DRC

Thank you for your donations to PAN AFRICAN COLLECTIVE Nonprofit for the weaver primary and secondary school of orphans and underprivileged children education! It really makes a difference for these children and youth help facilitating us to reduce poverty and bring spiritual peace, physical health, education and justice to communities of Goma Eastern DRC.

Thanks to you, kids are studying in a safe situation. Instead of going on street or staying home without education our kids are learning freely at weaver and make art, forming friendships with peers and relationships with adult mentors, and improving their grades at weaver primary and secondary school.

Your donations has allowed us to pay teachers salary of the first school month of October 2020 , get some school materials, pay part of the rental debt of the school, some teachers materials and a lot of other things necessary for the prevention of Covid 19 at school such as masks, thermo flashes etc.

Thank you again for your ongoing support of education of our orphans and underprivileged kids and youth at weaver primary and secondary in Goma Republic democratic of the Congo!

Sincerely,

Dear Ulysees Jefferson ,

Salutation!

Thank you for your great contribution of a lot of money that allows us to pay the plot for the school of orphans and underprivileged children in Goma DRC where war has destroyed everything for 20 years and education is still a great puzzle .

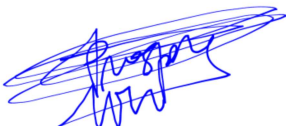

Thanks to you because this will allow sustainable education for all the poor people in our community. No one will erase what you have done for our nation , someday one of this children may end up buy being president of the Congo thanks to your donation . We are very grateful forever.

Thank you again for your support.

Sincerely
